

Our Reiki Wellness COVID-19 Safety Measures

We screen all of our clients upon arrival at our clinic and have clients fill out a COVID health questionnaire.

We have added gaps between appointments ensuring sufficient time after every visit, which allows us to do a complete sanitization of rooms.

We are doing hourly disinfecting of high-touch surfaces. Reception, tables, bathroom, door handles, etc..

Hand sanitizers are placed throughout the office.

All treatment rooms, bathroom, front desk are sanitized after every appointment.

Face masks are mandatory for practitioners and clients at all times.

We have one practitioner and one client in office at a time only.

All our safety protocols are designed following the guidelines provided by BC Centre for Disease Control and WorkSafeBC.

What can you expect from your in-office visit during these times?

- All the patients scheduled for in-clinic appointments are advised to arrive on time for their appointment, not early or late.
- Patients are advised to come alone for their appointment. Only patients under 19 years are requested to bring 1 parent/ guardian along with them, or patients that require assistance.
- Patients who arrive early for their appointment are advised to stay in their vehicle.
- Sign the COVID-19 screening consent on the day of the appointment.
- Wear a mask when coming to the clinic.
- Patients are advised to use sanitizer upon entering the clinic. There are hand sanitizer stations in each room of the clinic.

View our In-Office COVID-19 safety measures below to check what new steps we have implemented to prevent the spread of COVID-19.

Call our office to schedule your next appointment. Please be advised that you need to schedule an appointment, **NO WALK-IN patients are accepted at this point.**
